Overview

Internal auditing is an important and pragmatic process which can be of significant value to all companies. This course will serve as a roadmap to the understanding and efficient operation of the internal audit profession against all ISO standards and any other standard.

Objectives

Main objectives of this course are to enable the participants to gain necessary knowledge to understand and be part of an internal audit process for all standards whether it is ISO 9001, or any other criteria or standard.

Course Outlines

- Audit fundamentals
- Audit preparation
- Audit execution
- Audit reporting

Targeted Groups

This course is designed for public and private institutes and companies, banks, manufacturing, and service organizations that already have any of the ISO certificates. In addition, this course will be at great benefit to healthcare institutes, students, top management, production managers, engineers, quality engineers, QC and QA departments. In addition, this course is at a great benefit to:

- All types of organizations plan to get the ISO 9001:2015 certificate.
- People who are responsible for, or involved in, implementing the QMS based on the ISO 9001:2015 standard.
- Students who plan to work in the quality field, or who plan to conduct a quality project for graduation.
- Individuals who are looking to get knowledge on ISO 9001:2015.

Course Duration

"Internal Audit: ISO 9001 QMS: Principles and Fundamentals" online course will be held as recorded videos for about 1 hour and 21 minutes (81 minutes) on different sessions in Arabic language. This course can be customized and delivered based on in-house training to meet certain needs and requirements.

Quality from its source
